4. Public Comments
Dane County Deputy reported on any known problems in Primrose and asked if we had any problems.

It was noted that perhaps there would be a federal grant to help pay for snowplowing costs.

How is comprehensive plan to be funded. Are we going to have to borrow.

Public hearing will have to be held on Connors/O'Connor amendment if it passes Planning Commission. Some members of Planning Commission wanted to wait and incorporate this amendment into the Comprehensive Plan.
5. Bridge Inspections – We will do our own inspections of our bridges instead of hiring the county to do it. Will also ask Bruce to inspect all bridges prior to road inspection in April.
6. Motion by Garfoot, second by Elkins to adjust boundaries to have Belleville EMS cover the Eastern edge of Primrose. Motion Carried.
7. Comprehensive Plan funding – If County hired, how would this be paid – on a monthly basis, completion of plan? Do we have to do a Comprehensive Plan since population under 2500? Judd will check at WTA meeting in March. Planning Commission asked to get a financial plan including cost of survey, etc. No action taken on this item.
